## OBJECTIVE

Motivated and detail-oriented web developer with a strong foundation in React.js, Next.js, JavaScript, HTML, and CSS. Passionate about building responsive and dynamic web applications, integrating REST APIs, and managing state efficiently using Redux Toolkit. Quick learner with a problem-solving mindset, eager to adapt to new technologies and collaborate in Agile-driven teams. Seeking an opportunity to apply technical skills and contribute to innovative, user-centric solutions in a professional environment.

## EDUCATION

- **Bachelor of Technology (Computer Science & Engineering)** | Adarsh College of Engineering | 2020 - 2024 | Grade: 7.2/10
- **Intermediate** | Madhuri Junior College | 2018 - 2020 | Grade: 6.7/10
- **Secondary School** | Madhuri Vidhyalaya | 2017 - 2018 | Grade: 8.8/10

## TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- React
- Next.js
- Redux Toolkit

## PROJECTS

### EdTech Management Portal

- **Description:** An interactive web platform that enables students to explore and learn various technologies. The portal allows students to track assignments, view scores, manage learning schedules, and receive job notifications.
- **Technologies:** React, JavaScript, Next.js, Redux Toolkit
- **Role:** Software Developer
- **Team Size:** 8
- **Responsibilities:**
  - Developed responsive web pages and reusable stateful components using React and Next.js.
  - Integrated REST APIs for dynamic data handling and seamless user experience.
  - Managed global state using Redux Toolkit to ensure consistent application state across components.

- Delivered user stories on time while following Agile methodology.
- Collaborated on code reviews and participated in stand-ups and sprint planning.

## Enabling Efficient and Privacy-Preserving Mobile Cloud Storage

- **Technologies:** Java, MySQL, JavaScript, Cloud Computing, Data Encryption, Privacy-preserving Techniques
- **Description:** Designed a secure mobile cloud storage scheme to preserve data privacy while ensuring data confidentiality.
- **Responsibilities:**
  - Assisted in implementing encryption techniques to secure data before cloud storage.
  - Worked on optimizing storage performance and enhancing security measures.

## INTERNSHIPS

### JavaScript Developer - Shripriti Educational & IT Hub

 **Duration:** January 2024 - May 2024

- Developed interactive and user-friendly web applications using JavaScript, HTML, and CSS.
- Improved front-end functionality and responsiveness for better user experience.
- Collaborated with a team to enhance website performance and efficiency.

### Full Stack Developer - Hypersonic Training and Consulting Service

 **Duration:** July 2024 - Ongoing

- Designed and implemented full-stack web applications using React.js, Node.js, Express.js, and SQL.
- Developed and integrated RESTful APIs to ensure seamless data flow between front-end and back-end systems.
- Worked on optimizing system performance, improving scalability, and ensuring application security.

## CERTIFICATIONS

- HTML & CSS - Geekster.

## ACHIEVEMENTS

- Presented multiple technical papers at IIT Hyderabad, showcasing expertise in web development, innovative solutions, and emerging technologies.
- Initiated and successfully organized "TechSphere 2023", a college-wide technical event, leading planning, coordination, and execution while collaborating with faculty and peers to manage workshops, technical sessions, and competitions.
